**Technical Data Sheet****NERYL ACETATE PUR**

Manufacture PCW

Reference : NERYL ACETATE PUR

**TECHNICAL DATA**

|                                       |                                                |
|---------------------------------------|------------------------------------------------|
| Ref code :                            | ANE-1                                          |
| I.N.C.I. :                            | Neryl acetate                                  |
| IUPAC Name :                          | cis-3,7-Dimethyl-2,6-octadienyl ethanoate      |
| Chemical / REACH name :               | Neryl acetate                                  |
| Molecular formula :                   | C <sub>12</sub> H <sub>20</sub> O <sub>2</sub> |
| Origine géographique :                | China                                          |
| Process :                             | -                                              |
| Use of the substance / mixture :      | Industrial use only                            |
| End use :                             | Fragrances / Cosmetic / Flavours               |
| Use level max. recom. :               | -                                              |
| CAS number :                          | 141-12-8                                       |
| Nanomaterials :                       | Not concerned                                  |
| Ionization :                          | Not submitted to a processing of ionization    |
| GMO (Reg (EC) 1829/2003 & 1830/2003 : | Does not result / does not contain GMO         |

**ANALYTICAL DATA**

|                                           |                                                     |
|-------------------------------------------|-----------------------------------------------------|
| Appearance :                              | Liquid                                              |
| Colour :                                  | Colourless                                          |
| Odour :                                   | Conform to the commercial description.              |
| Density at 20/4°C :                       | [0.905 ; 0.917]                                     |
| Refractive index at 20°C :                | [1.459 ; 1.463]                                     |
| Boiling point (°C) :                      | -                                                   |
| Flash point (°C) (close cup) :            | >100                                                |
| Somme of isomers (by G.C.) (%) :          | [98 ; 100]                                          |
| Density at 25°C :                         | [0.905 ; 0.917]                                     |
| Deforestation regulation (2023/1115/CE) : | Non concerné par le règlement européen 2023/1115/CE |

**COSMETIC REGULAR DATA**

|                   |      |
|-------------------|------|
| Anti-oxydant(s) : | None |
|-------------------|------|

# NERYL ACETATE PUR

|                                           |                                                                                                  |
|-------------------------------------------|--------------------------------------------------------------------------------------------------|
| <i>Statut kosher :</i>                    | In compliance with kosher requirements                                                           |
| <i>Halal status :</i>                     | In compliance with the religious concepts                                                        |
| <i>Palm oil or palm oil derivatives :</i> | Does not contain palm oil, palm oil derivatives, palm kernel oil or palm kernel oil derivatives. |

## **REGULAR DATA FLAVOURS**

|                                                 |                                                                                                           |
|-------------------------------------------------|-----------------------------------------------------------------------------------------------------------|
| <i>Bovine Spongiform Encephalopathy (BSE) :</i> | Free of BSE/TSE risks as no materials of animal origin are used at any stage in the manufacturing process |
| <i>Foodgrade certificate :</i>                  | In compliance with Regulation (EC) 1334/2008                                                              |
| <i>Food allergens (Reg. 1169/2011/EC) :</i>     | None                                                                                                      |
| <i>Natural status (Reg. 1334/2008/EC) :</i>     | Flavouring substance                                                                                      |
| <i>Vegan :</i>                                  | Compliant with vegan principles                                                                           |

## **TRANSPORT - HANDLING - STORAGE**

|                             |                                                                                                           |
|-----------------------------|-----------------------------------------------------------------------------------------------------------|
| <i>Custom tariff :</i>      | 2915 39 94 55                                                                                             |
| <i>Shelf life :</i>         | 24 months, according to storage conditions                                                                |
| <i>Precautions of use :</i> | Avoid any direct contact with the product.                                                                |
| <i>Storage :</i>            | Store at 25°C max. in tightly sealed original container. Avoid prolonged exposure to light, heat and air. |
